Summary of the Event	Robotic Process Automation using UIPath has been a staple of advanced manufacturing for over half a century. As robots and their peripheral equipment become more sophisticated, reliable, and miniaturized, these systems are increasingly being utilized for entertainment, military, and surveillance purposes. Applications on robotics An introduction to Robotics and IOT was held on 26 JUNE 2021 as One day Workshop on latest trending IOT technologies and projects Students on the college GRIET-**Robotics Club** Team are gaining a crucial hands-on experience on latest trending technologies using Blueprism, Automation Anywhere, Pega, WorkFusion etc., The participating members from the institute include 1st ,2nd and 3rd year of GRIET ,Students visited and shared their views and experiences Working groups involving the resource person and Dr.K.Rajiv (Faculty Coordinator) are in place. As per the feedback received from the participants of **GRIET** The Hands-on Experience on making **'Robotic Process Automation using UIPath '** was more interactive with fun and knowledge, especially Students from other colleges showed more interest in coming to next upcoming events from Robotics Club. Overall the experience was bilateral.

<tr><td>Summary of the Event</td><td colspan="5">• At the beginning of the PyHub workshop, the basics of Python were taught.
• After this a quiz challenge was given to the students in order to test their understanding about the basics of python.
• After the Challenge-1, Tic Tac Toe game implementation</td></tr>
</table>

	was shown, every line and function in the code of Tic Tac Toe was explained in detail. Simultaneously doubts were cleared by the Team in the live chat. Right after the implementation of Tic Tac Toe game, another quiz challenge was given to the students in order to check their focus levels on the code of Tic Tac Toe game. • The third part of the event was to upload the code in GitHub, which was explained by one of team members. We provided a google form link for the participants to submit their GitHub repository links. Doubts of the participants were clarified accordingly in live chat. • Finally, concluded the event with a major challenge which consists of questions on all the topics covered in the session and was conducted on a platform called "Quizziz".

Summary of the Event	The coronavirus or Covid-19 is a large family of viruses that causes illnesses ranging from the common cold to acute respiratory syndromes, but the current virus is a novel strain not seen before. To give the awareness among the public and give the free of face mask and hand wash Sanitizer NSS team of GRIET has planned to distribute masks and sanitizer and also spread awareness in people. NSS has conducted a COVID awareness program on 01/05/2021 where the volunteers have distributed over 200 masks and sanitisers while maintaining social distancing and taking all precautions needed, for the roadside vendors, GHMC workers, auto drivers and the people living in slum. This small act of kindness helped over 200 people from spending their limited income on masks and sanitizers during these tough times

Summary of the Event	ICT Academy is working with 1000 Plus member Institutions across India this project is executed in 100 Colleges across India reaching 10000 Girl Students. GRIET is one of the 100 colleges in which the project is executed. To give a better understanding of the project, GRIET has organized an Orientation program for students on 31st March 2021. **OBJECTIVE**: To empower 10,000 women graduates from Engineering colleges through establishing **Centre for Women Excellence** in 100 Institutions across India **Features of Centre for Women Excellence:** 1. Training 100 pre-final year Engineering Women Students 2. Assessment and Certification of Girl Students 3. Placement Facilitation in ITES Companies 4. Empowerment by creating 2 Women Faculty Mentors **Student Pathway:** Training Foundational IT Skills ->Training Soft Skills for Career -> Getting Expertise on Technologies -> Assessment and Certification -> Successful Career Starts. **The role of Faculty Mentor is to provide the student with** - Guidance and support - To act as a role model - To facilitate the development of student's skills - Ethical behavior.

Summary of the Event	This event is a web-talk which was conducted online to create an awareness about the free software. The speaker Mr. Arvind Raineni has conveyed the importance of free software and has created a great impact. He gave a brief introduction about the basics of software. Students understood the difference between free software and proprietary software. The speaker has clearly described the licensing of free software. The speaker has also suggested a few alternatives for the proprietary software. <u>Below is the list of alternative free software's suggested by the speaker:</u> - Openshot instead of Adobe Photoshop - Blender 3D modelling instead of Autocad - Video editing software's: kinemaster and filmora - Photo editing tools: Inkscape and gimp - Bigbluebutton can be used to conduct free mock exams. The web-talk was live streamed on "swecha" platform. Doubts asked by the students were cleared by the speaker.

EVENT SUMMARY REPORT

Nature of the Event	Seminar
Title / Theme of the Event	Mini Projects and Road Maps
Details of the Coordinator	K.Archana, Assistant Professor,Dept of IT
Date on which Event is held	16th March 2021
Details of the Guest	Black Buck Technologies, Anuradha CEO
Target Audience	III Year B.Tech (Information Technology)
Summary of the Event	Black Buck Technologies representatives interacted and explained the students the importance of how selecting a good mini project is essential for building a good resume. They have introduced the students and gave a basic idea of the current trending domains like Big Data, Machine Learning and IOT etc on which mini projects can be built on.The overall session was quite informative for the students.
POs attained with this Event (number and description)	An ability to advance professionally through organized training or self-learning in areas related to Information Technology throughout their career.

Summary of the Event	Women empowerment and gender equality are the wheels that drive global progress. No society can make a progress unless its women have equal access to opportunities and an equal voice in the workforce. Considering this, ICT Academy in association with DXC Technology organized the "Women Empowerment Summit 2021" on 08 March 2021 - 10 am to 11.30 am. The theme of the summit is 'Women Driving Change', with a special focus on women students of higher education institutions across India. The summit focuses on empowering women students by guiding them with the right skills set, attitude, and plan of action for a successful career. This virtual summit will bring together women leaders, women policymakers, and women achievers to address 10,000 women students from 100+ engineering colleges across India. The speakers shared their inspiring journeys with participants on overcoming challenges in society, work environment, and personal lives. Focus Areas of the Speakers are: • Skills for future of Job • Self-empowerment • Right ambition and Right Attitude • Break Barriers change mindset and Change the world you live. • Managing personal and Professional growth

Target Audience (Teaching Faculty / Non-Teaching Faculty / Students)	IV Year Students
Summary of the Event	Seminar has been conducted for students to get Knowledge on Projects in Industry with Serverless Computing. Take advantage of the opportunity to step into the classrooms of the best Practitioners. Serverless computing is a method of providing backend services on an as-used basis. A serverless provider allows users to write and deploy code without the hassle of worrying about the underlying infrastructure. A company that gets backend services from a serverless vendor is charged based on their computation and does not have to reserve and pay for a fixed amount of bandwidth or number of servers, as the service is auto-scaling..
POs attained with this	**f)** Understanding of professional and ethical

Event (number and description)	responsibility. **h)** The broad education necessary to understand the impact of engineering solutions in a global, economic, environmental and societal context. **i)** Recognition of the need for, and an ability to engage in life-long learning. **l)** An ability to advance professionally through organized training or self-learning in areas related to Information Technology throughout their career.

Summary of the Event	ICT Academy has associated with the Institution in the implementation of DXC Technology's CSR initiative "Women Empowerment Program "to skill the girl students in the technology being offered to the Institution. The Inaugural of the CSR Initiative is held on 15th. February 2021 from 11.30 A.M to 12.30 P.M. The following delegates participated in the Inaugural Program along with the students nominated for the program. 1. Management of the Institution 2. Principal of the Institution 3. ICT Academy Co-Ordinator of the Institution 4. The 2 Faculty nominated as mentors for the Women Empowerment Program 5. The 100 / 50 Students nominated for the Training. **FEATURES OF THE PROGRAM:** 1. Establishing center for Women Empowerment in Rural Engineering Colleges across India. 2. Training & Certification of girl students on Emerging Technology Skills 3. Employment Facilitation to the Trained & Certified girl students. 4. Mentoring support, Student competitions, Women Empowerment Summits etc.

Summary of the Event	India is all set to begin its National Polio Immunisation Drive on January 31. President Ram Nath Kovind on Saturday launched the first round of Pulse Polio Programme 2021 by administering polio drops to few children at Rashtrapati Bhawan. Initially, the Polio Immunisation Drive was scheduled to start from January 17, however, it was postponed by Ministry of Health and Family Welfare due to the commencement of coronavirus vaccination drive on January 16. During the launch of Pulse Polio Programme 2021 today, First Lady Savita Kovind, Union Health Minister Harsh Vardhan and MoS for Health Ashwani Kumar Chaubey were also present. **Event Objective:** To educate people on importance of polio drops and to unite in the fight against polio, to eliminate poliomyelitis (polio) in India by vaccinating all children under the age of five years against the polio virus. **NSS GRIET** is here to support the pulse polio vaccination drive of the government by spreading awarness and volunteering in the camps organized in every area on 31-01-2021 **No of children vaccinated=200** **Event Impact:** ● It is important because it reminds that polio persists in some countries and it is not completely eradicated, so there is still a vital need to raise awareness about polio vaccination drive and fight prejudice. ● We ensure that children in the age group of 0 to 5 years get vaccinated as part of the drive of the government to sustain polio-free status of the country.

Summary of the Event	Cisco Resonance", a series of virtual events for all the universities that partner with Cisco. These events will act as a knowledge bank for the students who aspire to get to know more about Cisco and participate in our placement processes in future. We hereby request you share the information with Students, consisting of the details about our first ever event of this series. This event shall be open to all the students from your institution (all years, all degrees, all branches). As a true partner to Cisco, we highly recommend that you spread the word about this event and ensure maximum participation from your institution which shall be tracked from our end.

Summary of the Event	Seminar has been conducted for students to get Knowledge on Projects & Internships. Take advantage of the opportunity to step into the classrooms of the best Practitioners. For a successful career and fruit full growth we need something more than Intelligence Quotient IQ and Emotional Quotient EQ, here comes the power packed factor for the same , Cultural Intelligence CQ. In order to achieve success it is increasingly inevitable to be able to communicate fully across people from different cultures taking into consideration their aspects and perspectives.

Summary of the Event	**AI** or **artificial intelligence** is the simulation of human intelligence processes by machines, especially computer systems. These processes include learning, reasoning and self-correction. Some of the **applications** of **AI** include expert systems, speech recognition and machine vision AI in Data Science has dominated almost all the industries of the world today. There is no industry in the world today that does not use data. As such, *data science has become fuel for industries*. There are various industries like banking, finance, manufacturing, transport, e-commerce, education, etc. that use data science. As a result, there are several Data Science Applications related to it. In this article, we will see how data science has transformed the world today. We will see how it has been revolutionizing the way we perceive data. In the end, we will discuss various circumstances where data is used to make industries better.				

	Several industries like banking, transport, e-commerce, healthcare and many more are using data science to better their products. Data Science is a vast field and therefore, its applications are also enormous and diverse. Industries need data to move forward and therefore, it is an essential aspect of all the industries today. Hope you liked our article. If you have any questions related to Data Science applications, ask freely through comments. We will definitely get back to you.

<tr><td>Summary of the Event</td><td>Spirals held 'Paricharcha- Spectrum of Opinions', an online debate competition over the course of a week. The aim of the event was to inculcate oratory skills among students. Team Spirals came up with some thought-provoking topics for their participants. The event was conducted on a virtual platform-Zoom. Participants thoroughly enjoyed the debate and appreciated the teams effort to bring together a wonderful virtual event.
The Debate topics are as follows:
1. Torture is justified if used for national security
2. Depression is a Hoax
3. Financial Independence is a must after 18 years of age
4. Faith vs Fact
The winners of the Debate is as follows:
<table>
<tr><th><u>Debate/Winner</u></th><th>Best Debater</th><th>Honorable Mention</th><th>Special Mention</th></tr>
<tr><td>Torture is justified if used for national security</td><td>Susarla Dheeraj</td><td>Sai Kaushik(IT III)</td><td>Nethra Perli(ECE III)</td></tr>
