Report of the Event

Title of the Event: Workshop on "Ethics in Governence"

Organized Date: 6th-8th May 2014

Faculty: IEEE Team

Summary:

This 3-day workshop is designed to improve your understanding of ethical behaviour at both individual and organisational levels. Focusing on interpreting legislation, policies and procedures to make ethical decisions, this course will explore how to promote ethical standards and foster integrity. You'll also discover practical strategies for managing potential conflicts of interest in the workplace.
