

**GokarajuRangaraju Institute of Engineering and Technology  
(Autonomous)**

**Report of the Event**

**Title of the Event: Workshop on “Virtual Labs” workshops in association with IEEE Hyderabad section**

**Organized Date: 24th April 2018**

**Faculty: Dr. Y Vijayalata**

**Dr.G Karuna**

**Mr.K Sandeep**

**P K Abhilash**

**Summary:**

The Virtual Labs engineering and architecture division (VLEAD) is the central engineering team of Virtual Labs that takes care of both the research and development needs of the laboratory. The team provides Virtual Labs as a service platform by clustering together a host of micro-services such as single sign-on, data-as-a-service, persistence-as-a-service, analytics and security-as-a-service etc. to all the labs on the cloud.
